# About
## The South East Cyber Resilience Centre (SECRC)

By joining SECRC, you will be able to access many **valuable resources, guidance, training** and **support** for all things cyber. Moreover, you will be joining a network of like-minded business owners who are committed to reducing online risk. We regularly hosts events and seminars and share local, national and international cyber threats and trends.

**THE SOUTH EAST CYBER RESILIENCE CENTRE**
**CYBER ESSENTIALS PARTNER**

**CYBER ESSENTIALS**

**IASME CYBER ASSURANCE**

Membership of the SECRC also opens a gateway to a range of commercial cyber security companies who are able to support and then certify your organisation as Cyber Essentials approved. This accreditation is supported nationally by the UK Government through the certification body IASME, and it demonstrates to your customers and suppliers that you take cyber security seriously.

### Membership is free and includes many valuable benefits such as:

**A free 30-minute review** with the SECRC on your current cyber set up.

**Access to free resources, tools and guidance** designed to help your business start its cyber resilience journey including resources from the National Cyber Security Centre that are relevant to smaller organisations.

**A Board Toolkit** - Resources designed to encourage essential cyber security discussions between the Board and their technical experts that are relevant to smaller organisations.

**10 Steps to Cyber Security** - The steps enable businesses to break down the task of protecting their cyber security, by looking at 10 key components.

**Exercise in a Box** - a suite of exercises based around real world scenarios designed to allow businesses to test their response and approach to each given scenario.

**Invitations** to all of our webinars, roadshow/business networking events, and conferences.

**A monthly newsletter** full of tips, guidance, and resources to help you tackle online risks relevant to smaller organisations.

# Affordable Cyber Resilience Services

As a Member, you will be able to take advantage of the range of affordable cyber services and training provided via the **Cyber PATH** programme.

The National Cyber Resilience Centre Group administers the ground-breaking Cyber PATH programme, Working closely with universities throughout England and Wales, they handpick a unique and talented cadre of students, who work alongside senior cyber security practitioners and police officers to deliver **high-quality, tailored and affordable cyber resilience services to smaller organisations**.

As an SME, you should be looking to reinforce your cyber resilience, but it can sometimes be tough to know where to begin. So rather than overwhelming you with advice and recommendations, Cyber PATH students find and explain solutions to complex challenges in ways that are straightforward and accessible to your organisation.

Students are trained and prepared to deliver any of the **nine services** that the SECRC offers, as listed below:

**CYBER PATH™**
**POLICE & ACADEMIA**
